

Hi all,

Just wanted to say a bit more about the 'CAR' (Conference Agenda Report) – which decides what the World Service Conference (WSC) will discuss. It consists of 25 'motions' which all have 'for' and 'against' points to consider.

Of course, NA is run by its members, and this is the opportunity for members at meetings to put their viewpoints on these motions to the World Service Conference.

The issue with getting participation is that the issues are sometimes complex and some require background reading before an informed response can be given. The CAR report is 192 pages long! Please see below for a much simpler way to engage though (CAR Survey).

*However, it is critical that GSRs **let their groups know** that this is happening because all members have a right to take part so please let your groups know that this is happening!*

There are 3 options that allow individual addicts to engage....

1. They delegate response to their GSRs who complete the responses (I can support the GSRs to do this)
2. They take it on as individuals (supported by their GSRs, who I support in turn)
3. They delegate response to their GSRs, who then delegate it to me.

For options 1 and 2...the materials are below, but I would strongly recommend that anyone who is interested in completing it attend the next Zoom meeting:

I went to the last one and it was really helpful and informative, it lasted 2 hours. These sessions are also *recorded* so I can probably get a link to a recording of it.

MATERIALS:

The CAR homepage is here:

FINALLY – A more 'lightweight' way to contribute to the WSC agenda would be to complete the CAR survey, for which no background information is required – all members are encouraged to do this!
