	Motion: **North East London Area** **Puts forward a motion for a new (updated) pamphlet to cover Unacceptable Behavior in NA**

What are the specific objectives of the proposal?
Have one specific pamphlet/booklet that is fellowship approved and covers NA worldwide. That includes virtual meetings To include clear guidelines and direction a process to adhere to following spiritual principles.

Why is the motion necessary?
Currently we in the UK have a pamphlet that is Region approved 'Guidelines for dealing with inappropriate behaviour in meetings' Interestingly this appears on na.org as draft only
There is a Board approved pamphlet 'disruptive & Violent behaviour.
We need an updated pamphlet that is fellowship approved and is therefore available worldwide

Whilst there is other documentation 'Predatory Behaviour", Florida workshop region conference produced a pamphlet - is this conference approved?

What human and financial resources are required?

Needs to be assessed
However the literature development process in NA follows these 8 steps
1 Fellowship needs and ideas (this motion is that)
 NAWS strategic plan
 CAR (we hope this motion will eventually be included
2 WSC decides which ideas to approve
3 Fellowship input
4 project plan - budget timeline is presented in the the Conference Approval Track CAT
5 Project begins after WSC approves project plan
6 Advance material collected from the fellowship - helps determine the outline and content of the Text.
R&I of a draft is then solicited and revisions are made based on fellowship input
7 An approval draft and motion are offered in the CAR
8 An approval draft a motion are offered in the CAR
