

**This year NA in the UK celebrates 40years. Every few years we attempt to gather information about our members. Some may wonder why we want this information and how we use it. Very simply, we use it to gain insight into our membership. Public Information, a subcommittee of NA, may also use this data in presentations they make to outside groups, for example, Prison Governors and Officers, Addiction Psychiatrists and Therapists, Social Workers, GPs and Nurses. The easiest way is to complete the survey online at [www.ukna.org](http://www.ukna.org). Otherwise, paper forms will be available at the London and UK conventions. We invite you to help us demonstrate that we are, indeed, a viable and respected recovery community resource. Presenting ourselves in this way with the backing of data from members helps us offer hope to others who want to recover. We encourage each member to spread the word of the Membership Survey to their friends. We would like as many members throughout NA in the UK to participate.**

**It is important that you know that all answers are confidential. You will be asked to provide your initials, day of birth and month of birth shortly; this is simply so that we can locate and delete your responses if you ask us to.**

**For any further information, please contact [pi@ukna.org](mailto:pi@ukna.org).**
