To volunteer or find out how we do it please e-mail: ps@ukna.org

Hi All...

Many thanks to all those who have filled in and or passed on the UKNA FD Environmental Scan 2023/2024 to others.

As an update we have received over 30 responses so far and the results are already informing and enhancing our ability to meet and understand the needs of the UK fellowship.

Having said that, the more responses we can get the better able we are to understand and respond to those needs, so please help us to help you by continuing to make the Fellowship aware of the Scan and by passing on the link below to as many others as possible...

<https://fd.ukna.org/content/environmental-scan-202324>

Thank you for allowing us to serve
and, as ever, in loving fellowship and service
The UKNA Fellowship Development Committee
