ILF - Babs

The site is running smoothly, our new Webservant has been training

up and getting to grips with how it works, which has been really good. (Not sure if you have a Treasury report from Babs, but....) We paid our Special Worker £53 for website and email hosting fees. That also includes a payment for the Simplecast hosting which is where we hold all the audio shares that can be listened too on our site. If anyone has any idea how we get hold of NA audio shares we could really do with some help here. If anyone has a load of shares, or knows anybody who can get them please get in touch via email. We need them in MP3 file format. Thanks.

We had a very brief Meeting on May 9<sup>th</sup> Tuesday w/3 of us in attendance. I opened and closed the meeting with the serenity prayer and I read the 12 concepts. There were no reports besides mine so we closed early, ILS, Judy O
